

ONLINE CERTIFICATE PROGRAM

URBAN REDEVELOPMENT

Designing for Sustainability through Upcycling

Event Date : November - December 2021

Lecture/Workshop duration : 2 hours

Certificate : Participants will receive a certificate from MLC Academy on successful completion of the course

As cities and urban populations grow, the ever-increasing footprint of urban development is leading our planet to an environmental catastrophe. In such a circumstance, upcycling is the only way forward for a sustainable future. In our program spanning five Saturdays, expert international professionals and academics will explore this topic via a series of 10 lectures/workshops. The need for a new form of urbanism will be discussed, along with the possibilities of how to realise this by show-casing successful case-studies. Program details are as follows :

PROGRAM DETAILS

DAY 1 : INTRODUCTION

Lecture A : The history of Urbanism and Redevelopment as an ongoing process

Lecture B : Upcycling through Redevelopment as the main strategy for Urban Development and Growth

DAY 2 :

Lecture C : Urbanism Case-studies from Belgium
